Dispatches from Moscow quote the Maximalist newspapers of the city as announcing the discovery of a vast counter revolutionary plot. Many Maximalist and socialists have been arrested.

China and Japan have signed the treaty concluded after negotiations lasting several days concerning the military operations to be conducted jointly by these two countries in Siberia. The treaty also contains clauses dealing with other matters, the details of which are not made public.

A Bowling Green dispatch hastens to deny a "report circulated at Hopkinsville" that there are snakes in the strawberry beds of Warren county, the inference being that it was a ruse to keep the laborers from leaving Christian county for Warren. No such report has been circulated here. Christian county has strawberry beds of its own and pickers do not have to leave the county. About the only snakes seen here are in the boots of out-of-town people, some of them from Bowling Green.

Evidence of plotting between German and Irish agents in this country for an uprising in Ireland has been uncovered by alert United States Government agents and is partly responsible for the recent arrest of Irish leaders by the British Government. This evidence, which may be made public soon, is understood to show definitely that Irish leaders, mainly Sinn Fein sympathizers in the United States, have been in touch with German representatives who agreed to furnish money to finance a rebellion in Ireland and possibly to send arms and ammunition to Ireland by submarines or blockade runners. There was even some discussion of the chances of sending German soldiers to take part in warfare on Irish soil.

## THE KID HAS GONE TO THE COLORS.

The kid has gone to the colors  
And we don't know what to say;  
The kid we have loved and cuddled  
Stepped out for the flag today.  
We thought him a child, a baby,  
With never a care at all;  
But his country called him man-size,  
And the kid has heard the call.

He paused to watch the recruiting,  
Where, fired by the sife and drum,  
He bowed his head to Old Glory  
And thought it whispered: "Come!"  
The kid, not being a slacker,  
Stood forth with patriot-joy  
To add his name to the roster—  
And God, we're proud of the boy!

The kid has gone to the colors;  
It seems but a little while  
Since he drilled a schoolboy army  
In a truly martial style.  
But now he's a man, a soldier,  
And we find him listening ear,  
For his heart is a heart all loyal,  
Unscourged by the curses of fear.

His dad, when he told him, shuddered,  
His mother—God bless her!—cried;  
Yet, blest with a mother nature,  
She wept with a mother pride.  
But he whose shoulders straightened  
Was grandad—for memory ran  
To years when he, too, a youngster,  
Was changed by the flag to a man!

## NOW.

If for me you have a flower,  
Give it now!  
Give it while life's pulse is beating  
To the tune of Time fast fleeting,  
Give it with a lifetime greeting—  
Give it now!

If for me kind word you have,  
Say it now!  
Say it while my ear can hear it,  
While I've memory to review it,  
Say it gently—do not fear it,  
Say it now!

If for me a visit have you,  
Pay it now!  
While with joy I gladly meet you,  
While mine eyes may fondly greet you,  
Before death comes to defeat you—  
Pay it now!

If for me some love you cherish,  
Show it now!  
Show it while my heart doth need it,  
In kind actions let me read it,  
While my soul is hungry, feed it—  
Love me now!

## RATIFICATION FIGHT IS ON

DEBATES WILL BE HELD ALL OVER STATE PRO AND CON ADOPTION OF FEDERAL AMENDMENT.

(By International News Service.)  
Huntsville, Ala., May 22.—The opening gun in the fight for and against the adoption of Alabama of the Federal Constitutional Prohibition amendment will be fired here May 27 in the first of a series of joint debates between representatives of the Anti-Saloon League, supporting the amendment, and anti-prohibition forces opposing the amendment.

The debate here will be between James Weatherly, of Birmingham, representing the Anti-Saloon League and Oscar S. Lewis, representing the forces opposed to the ratification of the amendment. The fight promises to be the hardest ever conducted in the South between the friends and the foes of whiskey.

Alabama is for prohibition. Ever since saloons were relegated from the State the issue has been fought over again and again and in practically every instance the prohibitionists won.

The small success accredited to the anti-prohibition forces may be traced to a belated issue. Never has the question of whiskey or no whiskey come before the people of the State that they did not reject whiskey.

The present campaign has many side issues tending to confuse the voter. None of the candidates on the ticket opposed to the constitutional amendment will openly say they favor the return of saloons to Alabama. Rather, they explain they are as good prohibitionists as anybody, but they believe in the old theory of State rights—that every State has a right to say whether it shall have prohibition or not, and that two-thirds of the States of the Union have no right to say what kind of laws the other third of the States shall live under.

In both the amendment and the anti-amendment camps it is pretty well understood that should the Federal amendment be defeated in Alabama the next move by the anti-amendmentists will be a straight-out anti-prohibition fight—a campaign waged in the hope of throwing the State open to the liquor traffic.

It is indicated the Anti-Saloon League will be able to command some money from outside the State to carry on the campaign. It is also indicated that the anti-amendmentists will have strong financial backing from Northern liquor interests.

The debates also will be held in Birmingham, Montgomery, Gadsden, Albany, Tuscaloosa, Selma, Mobile, Anniston and other cities between May 27 and the close of the campaign.

## REFUSED TO BUY BONDS OR AID RED CROSS; IS TARRED.

Hart Duxbury, a farmer living nine miles north of Spencer, S. D., to-day was tarred and feathered by a crowd of fifty farmers after he had been taken from his farm and brought to the city jail at Spencer, where the coat was applied. Duxbury, it was said, was ordered last Friday night to purchase Liberty bonds or contribute to the Red Cross by Monday night. He refused, it is stated, and shortly after midnight the farmers fulfilled their threat.—Courier-Journal.

## BET \$10 ON WHO WILL KILL THE MOST HUNS.

(By International News Service.)  
Wilkes-Barre, Pa., 22.—To settle a bet of \$10 as to which could kill the most Huns, Alexander Gormacki, 28, and John Gorinski, 23, enlisted in the United States army here. "We have arranged to carry a stick over with us," said Gormacki, "and every time one of us knocks a Hun over a notch on the stick will go to that man's credit. We trust each other. When the war is over and we come back the man with the most notches wins the bet."

## FRENCH BUILDING THIRD LINE OF DEFENSE

French far-sightedness and preparedness are clearly depicted in this photograph. Despite the fact that they are holding the enemy at bay in the Somme district, they are fully cognizant of the danger should the Hun break the line. Engineers behind the lines are busy building new trenches and making them ready for the third line of defense.

Both white and colored are included. The registration in Christian county will probably amount to between 200 and 300 young men most of whom will be put in class one.

AMOUNT OF TAX FOR ALL PURPOSES EXCEPT SCHOOLS FIXED AT 60 CENTS.

The Fiscal Court completed a two-days session yesterday afternoon by making the county tax levy for all purposes except the county schools which was deferred till the next regular meeting which will be the first Tuesday in June.

The levy as made yesterday will be 60 cents on each \$100 of property, which includes the special 10-cent tax voted to take care of the bond issue of 1916. The other 50 cents is divided and prorated as follows:

3 cents on the \$100 for \$60,000 1907 R. R. bonds.  
3 cents on the \$100 for \$75,000 1901 turnpike bonds.

1/2 cent on the \$100 for tuberculosis sanitarium.

## CIGAR FACTORY NOT YET LOST

SEC. DALTON AND GEO. E. GARY VISIT HOME OFFICE OF AMERICAN CIGAR COMPANY.

## PROPOSITION IS RENEWED

ONLY ONE HUNDRED MORE APPLICATIONS NEEDED FOR CIGAR FACTORY.

The impression seems to have prevailed in certain quarters that because Madisonville secured a Cigar Factory that Hopkinsville lost out. Such is by no means the case. The two places were each offered a factory on certain conditions right at the start.

Madisonville secured her quota of operatives first and got hers. We are to have a bigger plant and will require more signers as operatives. We now lack only one hundred names and these will get within the time allotted us.

This information was brought from New York by Messrs. Gary and Dalton who went direct to the offices of the American Cigar Co., 111 Fifth Avenue.

The Vice-President, Mr. N. Weiss, assured these gentlemen personally that they would get the factory just as at first agreed.

City of Mannheim, in Germany, Is Given a Reprisal Visit By British Aviators.

(By International News Service.)

London, May 22.—The British official statement issued tonight says: "Early this morning the enemy made a second attempt to raid our positions southwest of Mesnil but was repulsed. Another successful raid in addition to those reported this morning was carried out by us last night in the neighborhood of Hebuterne."

Heavy casualties were inflicted upon the enemy in these encounters. We took a few prisoners. On the remainder of the front there has been nothing to report beyond artillery activity on both sides in different sectors."

The day brought the British new local successes in raids on Flanders and Albert fronts. The German attempt to enter British positions southeast of Mesnil, some seven miles above Albert, was snuffed out in the making by Haig's defense fire. In their raids at Hebuterne, half way between Arras and Albert, southeast of Arras and near Lecon and between Metern and the Nieppe forest in Flanders. The British inflicted heavy losses on the Germans and brought back numerous prisoners.

Tonight's report from Haig tells of artillery activity by both sides in various sectors.

## LINO TYPE OPERATOR WANTED!

The Kentuckian will need a good linotype operator on or about May 25th or June 15th, as its mechanist-operator is in the calls on those dates. Ten persons were killed, two probably fatally injured and dozens of others less seriously injured in a tornado which swept across the vicinity of Hays, Kansas, Tuesday.

The rumor that Field Marshal von Hindenburg died recently has become current very generally among the enemy in the back areas, as well as among civilians. What basis, if any, there is for the rumor is not known.

A troop train was wrecked near Garland City, Ark., Tuesday, the engine and four coaches being overturned. The engineer and fireman are reported to have been killed and sixteen or more soldiers injured.

Capt. James Norman Hall, of Colfax, Ia., who has been missing since May 7, is wounded and a prisoner in a German hospital. Capt. Hall who is attached to the American aviation corps, disappeared after an aerial engagement over the German lines.

Thirty-three students of the University of Kentucky will be trained at the camp Sheridan reserve officers training camp this summer. Elmer Weldon, of Sanders, Ky., won the \$20 Bennett prize given annually for the best paper on "The Origin and Development of Parliamentary Government." This is a feature at the university.

According to a London dispatch May 13, German prisoners captured in France declared that Field Marshal von Hindenburg was dead. This rumor gained some support by the fact that Gen. von Mackensen, the conqueror of Rumania, was either to be shifted to the western front or had already arrived there to take part in the renewed offensive against the allies.

Every railroad president in the United States was relieved from active duty as executive manager of his road Tuesday by Director General McAdoo who will appoint a federal director for each road, responsible only to the railroad administration. In many cases the president of the road may be named federal director.

To safeguard the interests of stockholders and maintain the individuality of each railway, federal directors whenever possible will be appointed from among the operating forces of the property, the director general announced.

## CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use.

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

## CITY SCHOOL CENSUS

WILL SHOW A DECREASE OF ABOUT 350 UNDER NEW LAW.

George Bradley has about concluded the work of taking the biennial school census of the city under the new law that reduces the school age from 20 to 18 years. This causes a considerable decline in the number of children of school age. Instead of 1600, there will be about 1250 for this year.

Eph Poston, who is taking the colored list, has not completed the work, but it will show a corresponding decrease.

## THE LINCOLN YOUTHS' CHAUTAUQUA

Dear Girls and Boys: Did you know that you are going to have a Chautauqua all your own this year? The Junior Supervisor is coming to stay with you for a whole week before the adult Chautauqua starts. You will play games, run races, and go on hikes, and on the fifth night you will have a big parade and play festival. Then the supervisor is going to tell you some fine stories and you will have such a good time. A college man with the tent crew will give special attention to the boys' athletics during the regular Chautauqua week.

You are going to be on the program of the big Chautauqua; just think of that! We are giving a play this year called "Columbia's Awakening" and we want all the boys and girls in your town to take part. It is a patriotic play especially emphasizing Thrift. Good Fairy Thrift, Martha and George Washington, Uncle Sam and Miss Columbia and many others characters will be represented by the young people of your community.

This is your play and will be given the opening night of the adult Chautauqua. The Junior Supervisor will tell you all about it when she arrives and will help you make a big success of it. You will have a chance to sell season tickets and the supervisor will co-operate with you in putting on a campaign for the sale of Thrift Stamps.

The Lincoln Youths' Chautauqua has been growing more popular each year and now you can prove to your fathers and mothers that you can make a success not only of your Chautauqua, but help them make a success of theirs, and at the same time be doing your bit, every one of you, for Uncle Sam in helping Win the War. You have a wonderful opportunity and I know I am going to be proud of the success achieved by you and your Junior Supervisor.

Youths' season tickets 8 to 15 years, inclusive, will be \$1.00 as heretofore. Buy your ticket early and urge your parents and friends to do the same. Ask the supervisor to tell you how you can earn the money to buy your own ticket. She will be glad to help you in every way possible.

Now, remember, you are going to have two full weeks of good times and I want you to be right on hand the day your supervisor arrives so as to not miss anything; meet her at the train if you possibly can and give her a royal welcome. Show her that you live in a live town and that you boys and girls are wide awake. If you want to know anything more about your Chautauqua I will be glad to have you write me.

Yours for a big success,  
MYNIE E. GORDON,  
Director of Lincoln Youths' Chautauqua.

## MISS EMMA HUNT BOUND FOR FRANCE

RED CROSS NURSE WELL KNOWN HERE GETTING READY TO SAIL.

Frankfort, Ky., May 21.—Miss Emma Hunt, State organizing nurse for the Tuberculosis Commission, graduate of the Louisville City Hospital, and the first Red Cross nurse in Kentucky, is at Camp Meade, Md., with a base hospital unit preparing to go to France.

She was granted a leave of absence from the commission, and, speaking in favor of it, Gov. Stanley said to the commission, of which he is ex-officio president, "Miss Hunt has rendered invaluable service to this state, and I want to take this opportunity to express my appreciation for her interest, her labor of love and her service to this commission. It is a loss to every member of this commission. It is to be regretted that we cannot make more of her kind. The light of her presence might illuminate the shadow of affliction here and relieve desolation abroad. It is entirely befitting her spirit that she should choose to leave her loved ones and friends here to endure the privation of service to others in a foreign land. I believe I voice the intense solicitation of this commission for her happiness and her safety. When she goes, whether mountains and oceans intervene between her and us, she has our hopes, our hearts and tenderest love with her always, and we will wait with eager eyes and tender longing for her safe return."

## PRINCESS TO-MORROW AND FRIDAY.

## "RICH MAN, POOR MAN"

Charming Marguerite Clark Has Splendid Role in Her Newest Paramount Photoplay.

Riches often proves a galling mockery when the possessor neither loves nor is loved by some one. This truth is exemplified in "Rich Man, Poor Man," the superb photoplay, starring Marguerite Clark, known far and wide to screen patrons as "the sweetest girl in motion pictures."

"I regard the role of Betty Wynne which I portray in this really splendid picture, as one of the best I have ever done," said Miss Clark to an interviewer recently. "Betty is a nice girl whose birth is enshrouded in some mystery, and she finds herself perfectly at home in the mansion of a grouchier financier when she is introduced as his granddaughter through forged documents of which she is completely in ignorance."

"Betty dissolves the icicles in the old man's heart and he learns to love her deeply, so that when it develops that Betty isn't his granddaughter after all, he doesn't want to give her up. Of course, everything ends happily and the development of this attractive story, which is based upon Maximilian Foster's successful novel, is responsible for many situations of real dramatic power. Frederick Warde plays the part of the old financier in his usual artistic manner."

PHONE GIRL "FRANCE."

(From the European New York Herald.)

Thirty-three American telephone girls who speak English and French equally well have just arrived in France to operate switchboards in the various army headquarters of the American Expeditionary Force. They have been equally divided between the principal army center in Paris, Gen. Pershing's headquarters in the field and the headquarters of the lines of communication. American officers are pleasantly surprised to pick up receivers and hear the familiar, "Number, please," or "Line busy," instead of the usual French equivalents of J'ecoute, j'ecoute or Pas libre.

All the girls are provided with the regulation color skirt, blouse and dark blue hat, with the orange and white cords of the signal corps to which they are attached. A white brassard indicates the rank. There is a blue outline design of a telephone mouthpiece for first-class operators, the same with a wreath for supervisors, the same with a wreath and lightning flashes for chief operators.

## GIVE ALL CHANCE TO GAIN COMMISSION

EVERY CANDIDATE IN FOURTH OFFICERS' TRAINING CAMP CAN GET CERTIFICATE.

Camp Taylor, May 21.—Official word has been received at Camp Zachary Taylor announcing that the restriction that only 50 per cent. of the students of the fourth officers' training school be granted certificates of eligibility, has been rescinded. The order also states that if 100 per cent. of the students of the officers' school now being held at Camp Zachary Taylor pass the course of instruction they will each be given a certificate of second lieutenant in the national army.

This affects approximately 400 who are now attempting to win the rank of second lieutenant. Heretofore the students of the officers' training schools have been somewhat downhearted because they felt that only one-half of their number would be granted certificates.

The students of the training camp now in progress at the Lincoln division are being given the most intensive of modern warfare training. They are kept busy from early in the morning until late at night. Although the entire number that were accepted as candidates remain in the ranks of the students, instructors said yesterday that many would be unable to stand the pace. The course of instruction is similar to that given the students of the third officers' training camp.

## FIVE HUNS AND THREE BOMBS, SO VICTIMS WERE PERMITTED TO CHOOSE UP.

Washington, May 21.—"How many of you are there down there?" cried an American soldier who surprised a group of Germans in a dugout in No Man's Land.

"Five," came back the reply, in perfect English.

"Well, I've only got three bombs; you'll have to divide 'em up yourselves," retorted the American, as he flung them into the dugout, with not unusual results.

This true story of wit in the trenches was told by a Signal Corps lieutenant, returning after several months over there.

## FUNERAL OF MAJ. LUFBERY.

Before the body of Maj. Raoul Lufbery was placed in a grave near a certain French village, it lay in state in a room of a small frame building. Around it were hundreds of wreaths of flowers sent by American comrades, French aviators who had known him in the French army, and by French army corps.

## Funeral Impressive.

The funeral of Maj. Lufbery was very impressive. The pallbearers, three American and three French aviators, carried the flag-draped coffin from the little frame building to a motor car for the trip to the grave. The procession was led by an American band, a company of American infantry just from the trenches and a company of French infantry. Following the coffin were 200 American and French officers, including all of Maj. Lufbery's companions in the air service, the American General commanding the sector northwest of Toul and a French General commanding an army corps.

The party drew up at the grave and while the service was being read one American aviator after another planned down from the sky, his motor shut off until he was just over head. Each threw out great bunches of red roses, which floated down on the coffin and the bare heads of the officers and caps of the soldiers, who were drawn up at attention. At the conclusion of the services the French General stepped forward and said:

"On behalf of my comrades of the French army, I wish to pay respectful fraternal tribute to one of the heroes of the air who was victorious eighteen times; a son of the noble and generous republic which came to our assistance to save the liberties of the world."

"Rest peacefully, Maj. Lufbery, close by the martyrs to our great cause. Your glorious example will inspire in us the spirit of sacrifice till the day when humanity's enemy shall be finally vanquished. Good-bye."

The American General under whom Maj. Lufbery once served as a private soldier, and the chief of the aerial service also paid homage to the dead aviator. The firing squad fired three times across the grave, a bugler sounded taps and another bugler, hidden in a nearby wood echoed it. As the sound of the bugles died away all was silence except for the droning of

the machines of Maj. Lufbery's comrades, patrolling the line high in the air and occasionally the dull booming of distant guns.

## ADVICE TO WOOL GROWERS.

Reports from Washington and Boston, Mass., state that the members of the Boston Wool Trade Association have agreed to accept Major General Goethal's proposal to fix the price of wool at present on a basis of the price of July 30th, 1917. The Government will take over all wool in the warehouses on this basis. If holders do not agree to sell, their wool will be commandeered. The greater part of this wool will be used by the Government for uniforms and other Government supplies and that which remains will be distributed among the mills for civilian needs. Major General Goethal advises all wool centers that the 1918 clip should not be disposed of during the next thirty days in order that the Government may have time to determine its exact needs for the coming year. Reports from Washington indicate that the Government will arrange to receive the 1918 clip on the basis of the price mentioned, but urges the producers not to dispose of their wool until more definite information is made available.

It would seem advisable for Kentucky wool producers to pack and store their seasons clip in the best possible way for at least a few weeks until the Government has issued more definite information. Care should be taken by producers to so pack their wool that the quality will not be injured by standing or mildew. In packing wool away either store it in wool sacks or in a clean dry bin.

The Department of Animal Husbandry of the College of Agriculture, Lexington, will be glad to offer further suggestions on storage and the Department of Markets will be pleased to give further information regarding the marketing problem at the earliest date at which it receives further definite information from Washington.

Soldiers Ask No Sympathy.

Here is an expression of the stoicism and the philosophy of a soldier as printed in extracts from his letters in the Atlantic Monthly:

"Don't worry about my privations—'which mostly there ain't none.' Such as they are, they are necessary and unavoidable; and, above all, we are fitted for them. You can't well sympathize with a man who is doing the thing he has longed for and trained for all his life. Besides, physical privations are nothing; it is the mental ones that hurt. A soldier in the trenches, with little to eat and nothing but a hole to sleep in, can feel happy all the same—particularly if life has something in prospect for him if he lives. But a man out of work at home, sleeping in the park and panhandling for food, is much more to be pitied, though his immediate hardships may be no greater."

Written Before Christ.

All the books of the Old Testament were written long before the birth of Christ, some of them as much as 1,400 years before, others from 500 to 1,000 years before, and none less than 300 to 400 years before. The Gospels and other books of the New Testament were written from 33 to 60 or 70 years after the birth of Christ.

On Friday evening "The Red Cross Nurse" will be the offering, and for Saturday night "The Wolf".

TODAY'S THE DAY FOR RED CROSS

COMMITTEES ARE APPOINTED AND DISTRICTS MAPPED OUT FOR SOLICITORS.

Chairman Frank Yost has organized his company of workers into squads and appointed a captain for each and everything is ready to move this morning in the direction of a successful Red Cross drive. The districts are outlined and the workers organized as follows:

District west of Main and south of Eighth street—Capt. J. M. Neblett, Douglas Bell, A. W. Wood, J. T. Thomas, M. C. Forbes, J. E. McPherson, J. O. Cook, Ben Moore, Jno. A. Clements, T. J. McReynolds.

Every person who can possibly give to the Red Cross should be ready to meet the solicitors and make their donation and let the workers pass on. They are not coming to urge or persuade you but to give you an opportunity to give to this noble cause.

While Mr. Cooper is perfecting his plans for the big drive in the county outside the city, many ladies are at work getting donations.

Twenty-five per cent of the counties in the State have already sub-

scribed their quota and more on the first day of the campaign. This county should do no less, and complete its work in one day.

A good sum has been assured from the colored people and when the drive
